

WATER SPORTS 2018

INTRODUCTION

Since 1993, Osprey has existed to create products that promote action, excitement and adventure to whoever seeks it, wherever they may be. We have never waived from our values of creating quality performance products that are appealing to all levels, from beginners to full-time adrenaline junkies, whilst ensuring that the products we create are built to last and fit for purpose in demanding environments.

We have continued to grow and develop an impressive collection of surf hardware featuring quality and unique artwork all created by our in-house design team. With an array of product categories including Wetsuits + Accessories, Triathlon, Sailing, Surfboards, SUP, Bodyboards, Skimboards, Surf Accessories, Swim Snorkel & Dive and Watersports Safety Gear, we are one of the most recognised Action Sports brands in the UK & Europe.

Thanks to our fast growing Osprey Watersports team rider base, feedback plays a central role in product development. We listen to our rider's suggestions; tweaking and adapting our products to improve them season after season. We have a few pages towards the back of the catalogue dedicated to this youthful team.

As you look through the following pages, we hope you find yourself as excited as we are in our 2018 Watersports offering, look forward to the year with anticipation and continue to grow your business with Osprey Action Sports.

WETSUITS

Whether you're after a flexible and lightweight summer wetsuit for carving lines on long summer days, or a snug and comfy winter wetsuit to keep you warm when the cooler waters arrive, then Osprey wetsuits have you covered.

Over the past few years our wetsuit range has proven itself to be hugely popular, offering great spec and design at a reasonable price. This year we have seen particularly strong growth in our Origin range and our introduction in 2017 of the 5mm option in the Origin spec was a great success. With this in mind, we have expanded this range for 2018, introducing two new colour ways. The first is a darker option to appeal to those consumers looking for a more minimal design, and we are running this colourway in 5mm full length, 3/2mm full length and 3/2mm shorty options.

The second colour way is a more vibrant blue option, which we are running in 3/2mm full length and 3/2mm shorty options.

Just a few of the key features that run through our Origin wetsuits include Ultra-Flex Neoprene, Chest & Back Wind Shields, Anti-Rub & Sealed Openings to avoid chafing & water flushing, Ergonomic Panelling for a superior aesthetic fit, Flatlock Stitched Seams and Rubberised Knee Pads. We are also offering 1 year manufacturer's warranty to consumers on all Origin wetsuits, details of which can be found on the labels.

You will also find a great range of wetsuit accessories for men, women and kids ideal for all seasons and abilities from wetsuit boots to neoprene gloves. We have also introduced a new wetsuit boot and aqua shoe into the range.

Osprey produce and supply more wetsuits to the UK surf market than any other brand each year. The depth of knowledge and experience in our sourcing team is what allows us to produce high quality, entry and intermediate level wetsuits at an affordable price.

- Back Zip
- Front Zip

ORIGIN

MENS WETSUIT BLACK - 5/4mm - PACK QTY: 1/6

We are excited to launch this dark colourway in 5mm spec, to build on the success of our red 5mm suit. The Osprey Origin range has been our flagship wetsuit for several seasons and this suit features the same great cut and design of our popular summer Origin wetsuits. A 5/4mm wetsuit means the Osprey Origin has panels of 5mm thick warm insulating rubber, with 4mm panels under the arms, where you need more flexibility and stretch for paddling and surfing. This is the standard thickness for an autumn and winter wetsuit in the UK and Ireland, and Europe.

ORIGIN

MENS WETSUIT RED - 3/2mm - PACK QTY: 1/6

The Osprey Omega Red Wetsuit is Osprey's entry level wetsuit for men. A great first wetsuit which despite the very low price point, doesn't compromise on features, technology and style. Specifications include Ultra-Flex Neoprene, Chest & Back Wind Shields, Anti-Rub & Sealed Openings to avoid chafing & water flushing, Ergonomic Panelling for a superior aesthetic fit, Flatlock Stitched Seams and Rubberised Knee Pads. A great value beginner and intermediate wetsuit for when you are passed the stage of hiring one from your local surf shop.

BOYS WETSUIT BLUE - 3/2mm - PACK QTY: 1/6

This Origin Boys shorty wetsuit really stands out in the water and the blue and fluro green offers a bold vibrant alternative to the usual black neoprene offering. The shots of fluro green add an electric summer vibe to your surfing, wakeboarding, kayaking and other water sports. A 3mm wetsuit is the standard thickness for a summer wetsuit in the UK and Ireland, and a shorty wetsuit with short legs and short sleeves gives the perfect coverage to keep your core warm without getting too hot in the peak of summer.

ORIGIN

BOYS WETSUIT NAVY - 3/2mm - PACK QTY: 1/6

The Osprey Origin Blue & White Wetsuit is Osprey's entry level wetsuit for men. The fresh light design of this wetsuit has a sweet summer style for when you're surfing, wakeboarding, kayaking and doing other water sports. A 3mm full length wetsuit is the standard thickness for a warm summer wetsuit in the UK and Ireland, and may be suitable right into winter for parts of Southern Europe like France and Spain.

TRI SUIT

MENS TRIATHLON WETSUIT - 5/3/2mm - PACK QTY: 1/3

Designed for optimum warmth without compromising flex whilst swimming. With 5mm neoprene at its core and super stretch zones this Suit is up there with the best of the Osprey range, whilst allowing for the added manoeuvrability needed when swimming in open water. Glued and blind stitching with taped seams creates a durable, flexible and practically watertight seal where the panels meet. Internal Reinforced Stress Points aid with durability at critical points. 5mm neoprene around the chest and thighs of the wetsuit for improved floatation. New improved fit for 2018!

WETSUIT HOOD

ADULT HOOD 3mm - PACK QTY: 6/18

Surfers looking to prevent ear abnormalities and keep their head warm in cold waters should definitely put this piece of surf gear at the top of their agenda; it's also a good way to stop your earplugs from getting knocked out of your ears by the pounding surf.

KEY FEATURES:

WETSUIT GLOVE

ADULT GLOVE 3mm - PACK QTY: 6/24

The neoprene wetsuit gloves have also been designed with a PU super grip on the palms and fingers, which ensures greater stability when using hands to manoeuvre. Much the same as cycling shorts and other active outdoor wear, the surfing gloves are made using ultra-strong flatlock stitching which greatly increases comfort and durability.

RASHVESTS

With Osprey's great range of rash vests you can enjoy the water with a little extra protection from the irritation of itchy skin caused by the combination of rubbing wetsuits and salt water. Lightweight and with bold designs, Osprey rash guards form an additional layer between you and your wetsuit offering maximum comfort without reducing flexibility.

Osprey rash vests also offer great protection from the sun, with every rash vest in our range offering SPF 50. Not just designed for protection from wetsuit rubbing, many people wear these to protect skin from burning during water sports or beach activities, from snorkelling to rock pooling.

Their quick drying qualities mean that they don't hold much water and so once you're finished for the day, you can hang it up and expect it to be dry within just a few hours, ready for the next adventure.

From men's and women's short and long sleeve rash vests to kids rash vests, you can get the most out of your water sport, be it surfing swimming or kayaking whilst minimising the effects that a long day in the water can have on your skin.

SURFBOARDS

Our surfboard collection comprises of foam surfboards, bodyboards, skimboards and surf accessories including bags, fins and leashes. Designed for beginners and intermediates of all ages, we have a huge range of designs and specifications to choose from.

Osprey foam surfboards are perfect for those just starting out in the world of wave riding. The soft top XPE deck incorporated in the design of our range of foamie boards is constructed to be more forgiving for beginner surfers. With strong growth in this category this year, we have carried the most popular designs into more sizes and also made the designs more consistent across the board sizes, with the exception of the 9ft size, where we have added a more mature deck colour for older learners. All of our foam surfboards include fins and leash.

Osprey body boards are made from high spec materials and feature innovative design features, from the EPS core, the XPE textured deck through to the bat tail and crescent tail designs there is a board to suit beginner and intermediate body boarders! Whether for people looking to take the first tentative steps into wave riding or for the seasoned salt water veteran looking for a new challenge, we have a range of body boards to suit all styles and abilities.

The Osprey surfboard accessories range boasts a selection of quality surfboard accessories, for sea-loving men and women to maximise their wave riding experiences. Whether you're looking for a replacement leash for your board or a board bag for your foamie, you will find it here.

All Osprey products offer eye catching designs and durability as standard, so whether you're a seasoned wave charger or a salt water novice, we offer accessories to suit all abilities and styles of water enthusiast.

Surfboard bags and body board bags, foam surfboard fins, surfboard leash.

REY

LITTLE WOOD

SU0023 - 5'9 X 20.5" X 3" FISH - PACK QTY: 1

Designed for children, this 5ft 8inch board is a lightweight foam surfboard with a fish tail. The 'Little Wood' design has proven to be one of our most popular and is quite different to anything else in the foamie market. As with all Osprey foamies, the board has internal wooden stringers that run the length of the board to help the strength of the board, whilst rubber fins and leash are also included. The XPE soft foamie deck helps to prevent serious injury from wipe outs, making it great for beginners. The shorter length and swallow-tail fish surfboard shape makes the Little Wood the perfect surfboard for quick progression.

KEY FEATURES:

LITTLE WOOD

SU0031 - 6' X 20.5" X 3" FOAMIE - PACK QTY: 1

Introducing a new 'Little Wood' foam surfboard in the 6ft size. This design has proven to be one of our most popular and is quite different to anything else in the foamie market. As with all Osprey foamies, the board has internal wooden stringers that run the length of the board to help the strength of the board, whilst rubber fins and leash are also included. The XPE soft foamie deck helps to prevent serious injury from wipe outs, making it great for beginners. The shorter length and swallow-tail fish surfboard shape makes the Little Wood the perfect surfboard for quick progression in smaller waves. For a small board, it has a respectable volume giving great buoyancy which makes catching waves and balance while surfing easier. Closed cell foam helps prevent water penetrating to the core if the board should get dinged.

KEY FEATURES:

LOGO

SU0001 - 6' X 20.5" X 3" FOAMIE - PACK QTY: 1

This 6ft foamie is perfect for learning to surf especially if you are planning on surfing often and progressing quickly. The shorter length and swallow tail makes it more manoeuvrable and easier to turn once you start learning to trim and catch green waves, while the high volume and lightweight foam core still makes this highly buoyant board easy and fun to catch waves, and balance while riding them. This Osprey foam surfboard has integral wooden stringers to strengthen and stiffen the lightweight EPS core, made of closed cell foam so no water can seep in if your board gets a bang.

KEY FEATURES:

TRIBAND

SU0003 - 6' X 20.5" X 3" FOAMIE - PACK QTY: 1

A soft surfboard or "foamie" makes a perfect beginners surfboard because it has everything you need to succeed when learning to surf, including lots of volume and float for stability, and a soft foam outer to help prevent bashes and bangs as you learn to control your surfboard. The lightweight core is strengthened and stiffened with wooden stringers, while retaining its lightweight float. This thicker larger volume board has great buoyancy which makes catching waves easier, as well as making balance while surfing easier. Closed cell foam helps prevent water penetrating to the core if the board should get dinged. The Osprey Triband soft surfboard come with a tasty bright design too, with raspberry pink triband stripes across a zesty lime deck, offering up something different for a beginner's board.

KEY FEATURES:

YELLOW BOLT

SU0032 - 6' X 20.5" X 3" FOAMIE - PACK QTY: 1

The 'Yellow Bolt' is a brand new design that we have introduced throughout the range as an update to the yellow shard model from previous years. The print is fresh, eye catching and unique; we are confident of its appeal to beginner surfers. The Yellow Bolt 6ft Foam Surfboard has a fish tail making it suitable for maintaining speed in smaller waves. As with all Osprey foamies, the board has internal wooden stringers that run the length of the board to help the strength of the board, whilst rubber fins and leash are also included. The XPE soft foamie deck helps to prevent serious injury from wipe outs making it a great surfboard for beginners. For a 6ft board, the Yellow Bolt has a respectable volume giving great buoyancy which makes catching waves and balance while surfing easier.

KEY FEATURES:

BIG WOOD

SU0033 - 7'2 X 22.5" X 3.5" MAL FOAMIE - PACK QTY: 1

Introducing a new 'Big Wood' foam surfboard in the 7ft size. This design has proven to be one of our most popular and is quite different to anything else in the foamie market. As with all Osprey foamies, the board has internal wooden stringers that run the length of the board to help the strength of the board, whilst rubber fins and leash are also included. The XPE soft foamie deck helps to prevent serious injury from wipe outs, making it great for beginners. Our Osprey 7 foot foamies are the perfect mid-length beginner's soft surfboard, with plenty of buoyancy for catching waves and to give a stable balance when surfing, while a mid-length surfboard may be more manageable for smaller or younger surfers and children.

KEY FEATURES:

LOGO

SU0004 - 7'2 X 22.5" X 3.5" MAL FOAMIE - PACK QTY: 1

Our Osprey 7 foot foamies are the perfect mid-length beginner's soft surfboard, with plenty of buoyancy for catching waves and to give a stable balance when surfing, while a mid-length surfboard may be more manageable for smaller or younger surfers and children. The Osprey Logo soft surfboard comes with a cool graphic design too, offering up something different to the shoals of beginner's surfboards in the sea. The light weight EPS core is strengthened with wooden stringers, and gives you a great amount of buoyancy, for stability and easier balance. The soft foam outer makes this foamie less dangerous should you collide or bang yourself while learning. Includes fins and leash ready to get started.

KEY FEATURES:

TRIBAND

SU0006 - 7'2 X 22.5" X 3.5" MAL FOAMIE - PACK QTY: 1

At seven foot, the Osprey Tri Band is the perfect balance between a large stable surfboard and a short length highly manoeuvrable surfboard. A longer surfboard has a greater volume and buoyancy which makes it easier to catch waves and easier to balance once you've caught a wave, while a shorter surfboard is easier to control and turn, which will be useful as your ability to surf progresses. This makes a 7 foot foam board the perfect mid length to get the benefits of both, and is also good for lighter, smaller or younger surfers, such as children and young adults. The lightweight core is strengthened and stiffened with wooden stringers, while retaining the surfboard's lightweight float. Closed cell foam helps prevent water penetrating to the core if the board should get dinged.

KEY FEATURES:

YELLOW BOLT

SU0034 - 7'2 X 22.5" X 3.5" MAL FOAMIE - PACK QTY: 1

The 'Yellow Bolt' is a brand new design that we have introduced throughout the range as an update to the yellow Shard model of previous years. The print is fresh, eye catching and unique; we are confident of its appeal to beginner surfers. As with all Osprey foamies, this 7ft foamie has internal wooden stringers that run the length of the board to help the strength of the board, whilst rubber fins and leash are also included. The XPE soft foamie deck helps to prevent serious injury from wipe outs, making it great for beginners. Our 7 foot foamies are the perfect mid-length beginner's soft surfboard, with plenty of buoyancy for catching waves and to give a stable balance when surfing, while a mid-length surfboard may be more manageable for smaller or younger surfers and children.

KEY FEATURES:

BIG WOOD

BGG1413 - 8'2 X 22.8" X 3.5" MAL FOAMIE - PACK QTY: 1

This Osprey foam surfboard has integral wooden stringers to strengthen and stiffen the lightweight EPS core, made of closed cell foam so no water can get in if your board gets treated a little too roughly in the course of learning to surf. The surfboard deck is covered in a soft, semi-smooth foam to give you protection from crashes and collisions and the semi-smooth finish retains traction - you just need a small amount of surfboard wax. Underneath is a smooth, durable, plastic "slick" for better hydrodynamics, to give the soft surfboard greater glide and speed. This great beginner's soft surfboard stands out from the shoals of other surf schools with a bold wooden retro design.

KEY FEATURES:

LOGO

SU0007 - 8'2 X 22.8" X 3.5" MAL FOAMIE - PACK QTY: 1

An Osprey 8' foamie is the best all round beginner's soft surfboard. The 8 foot length gives this surfboard lots of extra of buoyancy which means better stability when standing up, and getting into waves sooner and easier. The foamie surfboard has a wooden stringer running through it which greatly improves its rigidity and helps a surfer to master stability. The wooden stringer also makes the soft surfboard more durable. The surfboard deck is covered in a soft foam to give you protection from collisions and crashes, and has a semi-smooth finish to retain traction - you just need a small amount of surfboard wax. The bottom side of the surfboard is a smooth, durable, plastic "slick" for better hydrodynamics, to give your soft surfboard greater glide and speed on a wave.

KEY FEATURES:

TRIBAND

SU0009 - 8'2 X 22.8" X 3.5" MAL FOAMIE - PACK QTY: 1

The 8' foamie range is the best all round beginner's soft surfboard, and the perfect length for most adults, teenagers and older children, making it the perfect family surfboard. The Triband foamie surfboard has an integral wooden stringer running through the foam core which greatly improves its rigidity and helps a surfer to master stability. The wooden stringer also makes the soft surfboard more durable which is great for complete novices, as when learning to surf, boards can take a bit of punishment at the hands of their riders. Durability is further enhanced by the 8ft soft surfboard's Expanded Polysterene (EPS) Core. EPS surfboards are tougher and lighter than traditional polyurethane or polyester resin boards and this greatly improves manoeuvrability in the water.

KEY FEATURES:

YELLOW BOLT

SU0034 - 8'2 X 22.8" X 3.5" MAL FOAMIE - PACK QTY: 1

The 'Yellow Bolt' is a brand new design that we have introduced throughout the range as an update to the yellow Shard model of previous years. The print is fresh, eye catching and unique; we are confident of its appeal to beginner surfers. As with all Osprey foamies, this 8ft foamie has internal wooden stringers that run the length of the board to help the strength of the board, whilst rubber fins and leash are also included. The XPE soft foamie deck helps to prevent serious injury from wipe outs, making it great for beginners. The 8 foot length is the perfect length for most adults, teenagers and older children, as this size of surfboard has lots of extra of buoyancy. This provides better stability when standing up, and makes catching waves easier. Durability is further enhanced by the 8ft soft surfboard's Expanded Polysterene (EPS) Core.

KEY FEATURES:

108 BLUE

BGG1400 - 9'3 X 22.83" X 3.5" LONGBOARD FOAMIE

- PACK QTY: 1

A soft surfboard or "foamie" makes a perfect beginners surfboard because it has everything you need to succeed when learning to surf, including lots of volume and buoyancy for stability, and a soft foam outer to help prevent bruises and bangs as you learn to control your surfboard. This is the largest and highest volume foamie surfboard you can get, which makes it more buoyant for catching waves and more stable once you're up standing and surfing. The tail shape also allows it to perform pivotal turns as well as long drawn out turns on the wave, which makes it perfect for those just finding their feet.

KEY FEATURES:

108 YELLOW

BGG1399 - 9'3 X 22.83" X 3.5" LONGBOARD FOAMIE

- PACK QTY: 1

The big cheese of Osprey's foam board range and the larger brother of our 8ft foamie, the 9ft Yellow Foamie Surfboard offers plenty of size and stability for beginner surfers, coupled with a good amount of wave catching ability due to its square tail design. The tail shape also allows it to perform pivotal turns as well as long drawn out turns on the wave, which makes it perfect for those just finding their feet. The 9ft Large Foamie comes with a soft XPE deck which allows for great shock absorption, as well as being more forgiving if landed on, than a hard epoxy board. With an EPS core and 4 wooden stringers it's not only lightweight but plenty durable too.

KEY FEATURES:

108 MINT

SU0035 - 9'3 X 22.83" X 3.5" LONBOARD FOAMIE -

PACK QTY: 1

The new colourway in Osprey's foam board range and the larger brother of our 8ft foamie, the 9ft Mint Foamie Surfboard offers plenty of size and stability for beginner surfers , coupled with a good amount of wave catching ability due to its square tail design. The tail shape also allows it to perform pivotal turns as well as long drawn out turns on the wave, which makes it perfect for those just finding their feet. The 9ft Large Foamie comes with a soft XPE deck which allows for great shock absorption, as well as being more forgiving if landed on, than a hard epoxy board. With an EPS core and 4 wooden stringers it's not only lightweight but plenty durable too.

KEY FEATURES:

OSPREY SURF

STICKER YELLOW

BGG1401 - 33" BODY BOARD - PACK QTY: 3

This 33in Stickers Yellow Bodyboard features Osprey's bold Stickers deck print featuring a smattering of various Osprey logo designs arranged in a collage on a bright yellow background. BODY BOARD BAG

SU4008 - BOARD BAG - PACK QTY: 6/12

Stay sharp on the beach with this Osprey Bodyboard Bag. The bag has been carefully designed to keep your boards scathe free during the transportation process.

This Bodyboard Bag repels light and heat from the sun, safeguarding your board from melting wax and any delamination damage it may incur. The case also has protective PE tarp waterproof inner lining, making it a damp and damage free storage aid.

Comfort is assured when transporting your bodyboard from a vehicle to the beach, thanks to a removable padded shoulder strap and fitted rucksack straps. A large front pocket has been included to store surf wax, a wetsuit and other key essentials, whilst 5mm padding will ensure that boogie boards are safe from dents and scratches during the transportation process.

MINI MAL BAG

BOARD BAG - PACK QTY: 1/6

The board bag will help to reduce the risk of dings as well as delamination due to prolonged exposure to direct sunlight when travelling.

Heavy Duty Polyester Tarp provides a tough outer layer, 5mm Padding offers a protective cushion, helping to avoid dings and scrapes to the boards exterior.

Bound Edges increase strength around seams for added strength and durability.

The Detachable Padded Shoulder Strap and Padded Carry Handle offer improved comfort when transporting boards by hand.

Wax pocket ensure surf wax is stored safely, and with less mess.

DIVING AND SWIM GEAR

Osprey diving equipment is designed for all levels of water man and woman, from the casual snorkeler to the scuba diving pro, Osprey designs offer durability and comfort as standard.

Osprey's range of performance dive gear is designed with both casual undersea explorers and grizzled dive veterans in mind. Whether plumbing the depths is merely a pastime that you undertake on holidays or being underwater is something that has become almost second nature to you, then you will find something in the Osprey range to fulfil your needs.

Our durable dive masks feature a dual and single window designs with a sturdy 4mm tempered glass lens to help cope with the standard pressure as well as the rough and tumble that can occur whilst descending into the blue. The sturdy yet lightweight dive fins offer fantastic comfort and fit so you can concentrate on the more pressing matter of marvelling at the beauty of the enchanting underwater world.

Our swim collection includes a range of high quality swimming googles and swim caps for beginners and intermediates. Our googles include high-end features such anti-fog treatments, shatter resistant technology and soft silicone eye gaskets.

ADS MASK & SNORKEL SET

OSG0043 - PACK QTY: 6/12

From Osprey's Advanced Dive Series range of professional diving and snorkeling equipment, this snorkeling mask has been made using a 4mm tempered glass lens, which is extremely durable and easy to maintain. Vision is enhanced by the frameless diving mask's double edge skirt which helps to prevent water leakage and is incredibly comfortable to wear. The divers mask also has a lower interior volume for easy clearing. Not only that, but the low volume mask has a liquid silicone head strap and push button buckle system for a far superior fit.

The snorkel included with the dive mask and snorkel set has been specially designed to avoid excessive water infiltration. Should water penetrate the dry top snorkel, its efficient purge valve allows for extremely effective clearing. A mask keeper allows the snorkel to be attached to the mask to prevent it from drifting away. Finally, the snorkel has a flexible silicone midsection and a silicone mouthpiece to increase comfort and avoid jaw fatigue.

MASK FEATURES:

SNORKEL FEATURES:

OSS SWIMMING CAP

OSG0041 - 5 ASSORTED COLS / PACK QTY: 24/144

The Osprey Swimming Cap is made from silicone whereas many other caps are made out of Latex or Lycra. One of the benefits of wearing a silicone swim cap is that it doesn't get attacked by chlorine and so lasts longer. In addition, a silicone swimming cap is thicker than latex and Lycra caps so it tears less easily. For those who have long hair, the cap acts as a protective cover, reducing drag and allowing a smoother trajectory through the water.

ZIP LOCK BAG PACKAGING:

COLOUR	YELLOW	BLUE	BLACK	PINK	PURPLE
QTY PER INNER	6	4	6	6	4

WATER SPORTS

From buoyancy aids to water sports helmets and car seat covers to roof pads, the Osprey water sports range incorporates a range of products designed to protect you or enhance your water sports experience. New for this year, is the introduction of two spray waterproof jackets, two new buoyancy aids and new surf wax. Our range of buoyancy aids are designed for both adults and kids, and are constructed from super soft, lightweight EPE foam providing

excellent buoyancy, assisting floatation whether in the water on purpose or by accident! They come equipped with easily adjustable waist straps to ensure a snug, safe fit. We have purposefully designed them in bright colours, to ensure visibility in the water.

Widely used by coasteering centres across the UK we've had great feedback this year on our water sports helmets. These are ideal for protection during a range of water sports activities including kayaking, coasteering and sailing. They offer strong and reliable protection, with vents in the front, top and rear of the helmet, allowing water to escape. They are heat pressed with an EVA impact absorption liner to keep any dangerous capsizes you may encounter from causing any damage. With a comfortable headlock and chin pad, our helmets come in two bright colours (red and blue) and in 3 sizes ensuring a snug fit is available for all.

Introducing our brand new Spray Jacket, this waterproof top is an essential all-round item for any watersports enthusiast!

Ideal for activities from sailing to kayaking, jetskiing to powerboating or even just walking and cycling in the rain!

The elasticated but soft collar and cuffs help to keep the water out, whilst providing a comfortable fit and minimising chaffing.

Great for wearing over a wetsuit, base layers or even just a t-shirt, this waterproof Spray Jacket also helps to reduce wind chill.

KEY FEATURES:

- Durable Materials
- Elasticicated waist band
- Adjustable Velcro Collar and Cuffs
- Front Zip

CAR SEAT COVERS

BGG1526 - BLACK - PACK QTY: 5/20

The Osprey Waterproof Car Seat Covers are perfect for the traveling surfer, wakeboarder, kitesurfer or keen morning swimmer! No matter how hard we try to dry off after a surf or swim, the car seat is always wet when you get out of the car, leaving it susceptible to growing moulds and making the windows full of condensation. Osprey's waterproof car chair cover solves this very problem. Designed with highly elastic bottom so that fitting is completely hassle free, these car chair covers are tested to fit on most single car seats due to their one size fits all design.These Osprey branded waterproof covers will be your saviour if you're often driving around in a wetsuit or have to drive to your nearest surf spot.

KEY FEATURES:

- Tested to fit most single car seat chairs
- Elastic base makes them hassle free to put in place
- Keep your car chairs dry after watersports
- Pack of one cover

ROOF RACK PADS

BGG1527 - BLACK - PACK QTY: 5/15

The Osprey Roof Rack Pads are an essential bit of kit for the traveling surfer or for those that don't have the luxury of waking up and jogging down to the beach to get in the surf.The roof rack bar pads are constructed with a lightweight material that is super durable to form a solid protective layer between your board and the roof rack bar. The Osprey roofrack pads are super easy to fit to the racks and will protect your board from getting unwanted scratches and dings.

KEY FEATURES:

- Pads attach to most roof racks
- Protect your surfboard from dings and scratches
- Transport your board with peace of mind
- Simply fit over the roof racks

TOM "BUTTSY" BUTLER

BIG WAVE SURFER AND SUP - LOCATION: NEWQUAY, UK - D.O.B: 18/04/1989

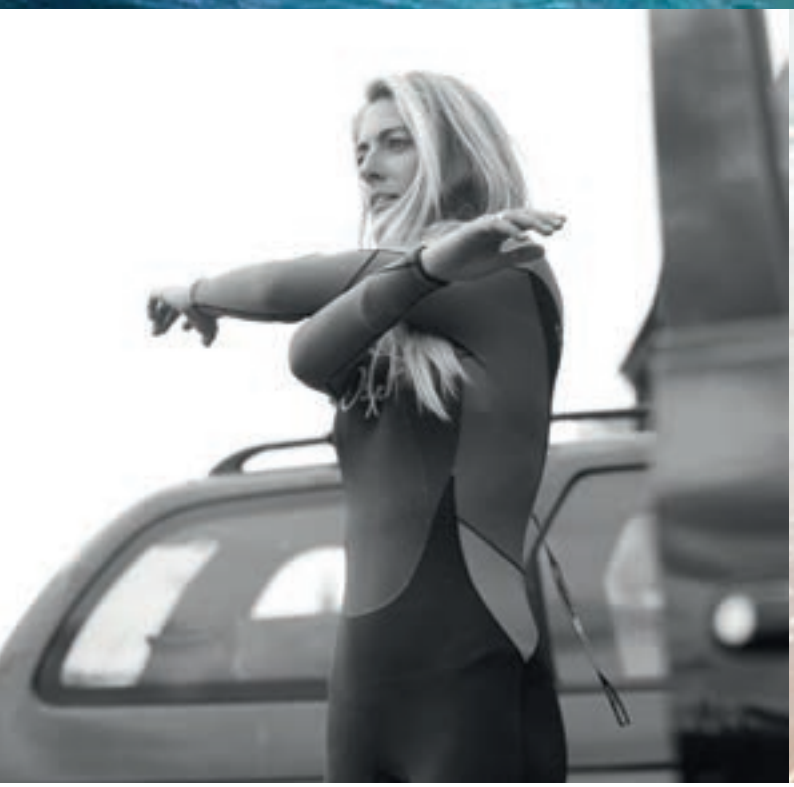

Tom Butler is not only one of the fi nest UK surfers (having won 2 English Men's title twice, at 19 and 21), but is also a big name on the International Big Wave scene. He was part of the winning partnership for the 'XXL Biggest Wave Award' for 2015 and was also nominated for the 'Best Barrel' award at the WSL Big Wave Awards, fi nishing in the top 5 entries, out of more than 17 in total! His plans are to continue travelling in search of the biggest swells in Europe and land himself a spot on the Big Wave World Tour!

TEHILLAH 'TEE' MCGUINNESS

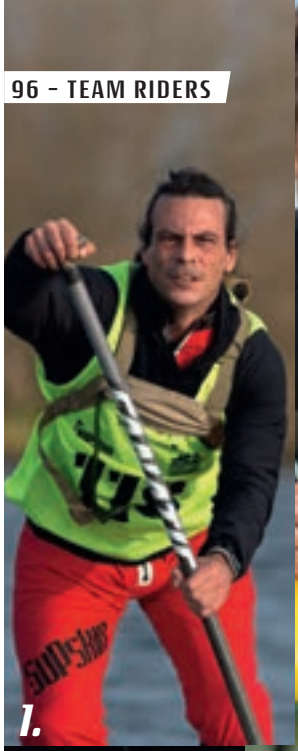

SURFER, TRAINER & MODEL - LOCATION: JEFFREY'S BAY, SA - D.O.B: 08/12/1987

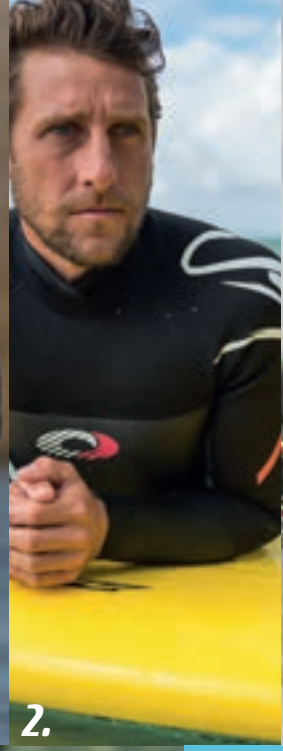

Having been born and raised in South Africa, Tehillah was lucky enough to have lived right on the doorstep of one of SA's best surf spots: J-Bay. Tee leads an incredibly busy life, balancing modelling; training celebrities; touring with her Surf & Fitness weekends and running her own business! Of course, she still manages to get time in the water. Tee has had success at the Boardmasters Surf Competition in Newquay and is working her way up to her target of a Top 3 fi nish in the Ladies UK Pro Surf Tour.
