Surf

It started in 1994. We wanted to create a brand that's accessible to all thrill seekers. From total beginners to seasoned risk-takers, our collection of affordable and rugged products span from land to sea.

Staying true to ourselves, we understand that our products need to see you through the good and the bad, the successes and the scrapes as you master your new sport. So, let our gear bear the brunt of your next wipeout or triumph.

Striking the balance between affordability and performance, we have continued to grow and develop our impressive collection of surf equipment. Including wetsuits, bodyboards, foam surfboards and accessories; we welcome you to explore our latest collection.

Wetsuits

Here at Osprey we believe in having a choice, and that's why we have continued to develop and grow our wetsuit ranges.

Whether you're after a flexible and lightweight summer wetsuit or a snug and comfy winter wetsuit, we've got you covered. While the classic Origin Wetsuit range continues to remain popular, the Zero Wetsuit range has seen the introduction of some brand-new colour options.

Thanks to our in-depth knowledge and experience, we continue to produce and supply more wetsuits to the UK surf market than any other brand each year.

Accessories

The effectiveness of a wetsuit in cold temperatures is limited without appropriate accessories. Be it your head, hands or feet - we equip you with all the accessories you need to stay in the water 365 days a year.

Choose from our snug winter wetsuit hoods with their hardy wind resistant mesh panelling, our wetsuit gloves with ultra-flex neoprene or durable wetsuit boots; all great additions to your water sports arsenal.

Going to and from the beach should be just as comfortable as one of our wetsuits. From seat covers and wetsuit hangers to changing mats and hooded ponchos, our car and changing accessories make life that little bit easier.

Rash Vests

Traditionally designed to help protect against irritation from the inside seams of a wetsuit, rash vests have now become an integral beach accessory thanks to the sun protection they provide.

Our collection of rash vests are suitable for both adults and kids, providing UPF 50+ protection across the entire range to help minimise the effects of a long day in and out of the water, under the sun.

Available in a range of unique Osprey designs with additional features, such as flatlock seams, quick dry technology and soft touch fabric.

Surfboards

Osprey Foam Surfboards are perfect for those just starting out in the world of wave riding. The soft top XPE deck featured throughout our range is constructed to be more forgiving for beginner surfers.

Wooden stringers and a durable yet lightweight EPS core provides plenty of strength and buoyancy, making it easier to catch and stay on waves, while the triple fin configuration helps you stay in control.

As our collection of boards increase in popularity year-on-year, this year sees the introduction of more designs and further improvements to our existing range.

Cruisers

Designed for transport, commuting, and just rolling about on rather than doing tricks like a regular double kick, the Osprey Cruiser Range is great for getting from A to B.

Able to turn on the spot, effortlessly glide thanks to their soft wheels, and with a whole host of different retro designs to choose from, we've got you covered.

Perfect for beginners getting to grips with skating, to surfers who want to carve when the surf is flat, a cruiser should be a part of any skater's arsenal.
