THE ORIGINAL PREMIUM PORTABLE SPA™

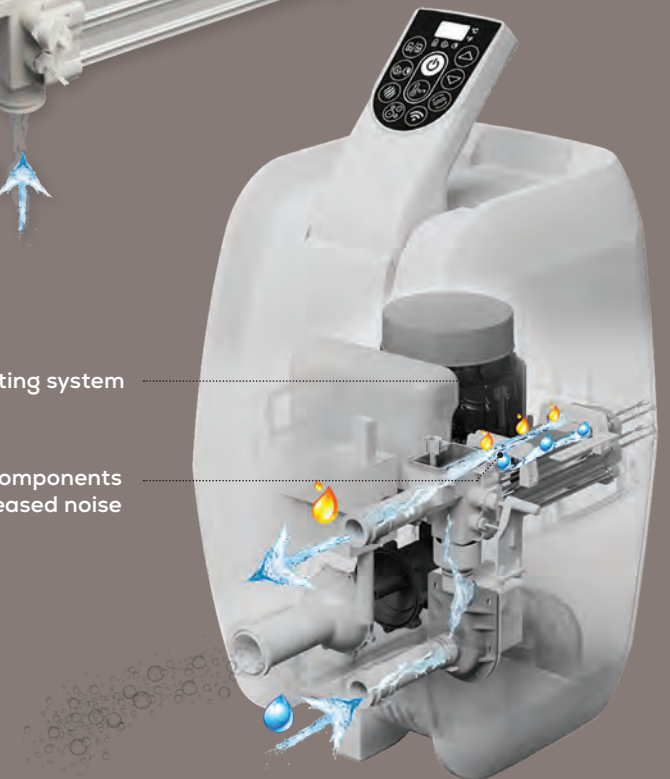

As a leading manufacturer of the inflatable, portable hot tub, Lay-Z-Spa® has become an industry staple that consumers know and trust. From technological innovations to style, Lay-Z-Spa® leads the market. High-function components and safety are the main priorities of the hot tub line, providing consumers with products they can depend on.

MASSAGE SYSTEMS

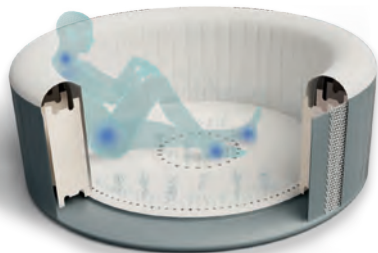

AIRJET™ SYSTEM

Soothe your body and relax your mind with the touch of a button. The AirJets™ work by releasing warm air into the water, surrounding you with a calming bubble massage.

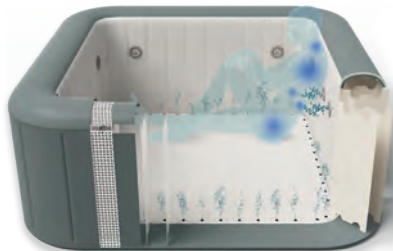

AIRJET PLUS™ SYSTEM

Enjoy a deeper massage with AirJet™ Plus. Air bubbles are released from both the bottom and the sidewalls of the spa to target both the legs and back.

HYDROJET PRO™ SYSTEM

HydroJet™ Pro is the best of both worlds. Adjustable HydroJet™ nozzles that release high-pressure water bubbles combined with AirJets™ along the bottom provide the ultimate hot tub massage.

LAY-Z-SPA® CONSTRUCTION

DURAPLUS™ WALL AND TOP RING

The outer surface of this hot tub is constructed with premium DuraPlus™ material, providing superior durability, stretch resistance and structural stability.

DURAPLUS™ INTERNAL BEAM

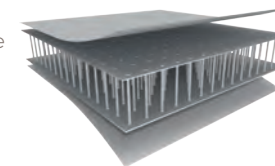

The internal beam structure of the hot tub may also be constructed with DuraPlus™ material, providing extra stretch resistance, which allows the hot tub to keep its shape no matter how many times it's inflated or deflated.

DROP STITCH CONSTRUCTION

LIGHTWEIGHT DURABILITY

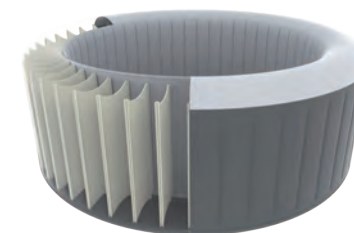

Inflated walls made from drop stitch material provide unparalleled strength. Thousands of fine threads securely connect the sidewalls, which seal in air to create a rigid and sturdy hot tub. Not only great for durability, but this also makes the spa more spacious on the inside.

BEAM CONSTRUCTION

DELIVERING STRENGTH AND COMFORT

The internal construction of each hot tub is designed to offer superior structural stability while still maintaining a comfortable surface. It always provides a luxurious hot tub experience, no matter how many times it's inflated or deflated.

SETUP & MAINTENANCE

**WITH NO TOOLS REQUIRED,
LAY-Z-SPA® SETUP IS QUICK & EASY.**

After finding a flat area for the hot tub, it's as easy as 1, 2, 3.

1. INFLATE the hot tub with the multi-function pump.
2. CONNECT the pump to the hot tub, and ensure all of the tubes are attached to the correct openings.
3. FILL the hot tub with water to the indicated level, and enjoy.

Also included with each hot tub is a chemical dispenser & filter cartridge to keep the water sparkling. Maintaining clean and healthy hot tub water is not just important for the user's experience, but it also extends the longevity of the hot tub.

Thanks to a new function available on all hot tubs, the pump can also quickly and conveniently deflate the hot tub for transporting or storing.

LAY-Z-SPA® WIFI APP

CONTROL YOUR HOT TUB FROM ANYWHERE.

We know that relaxation is all about ease. That's why we've developed a new app which lets you control your pump, heating and massage system at the click of a button on your smart device.

With the Lay-Z-Spa® Wi-Fi App, we've made it possible to control your hot tub from anywhere. All you need to do is sync your hot tub pump with your home Wi-Fi and start taking control!

TURN YOUR HOT TUB ON AND OFF
In a hurry? Don't stress, you can turn your hot tub on and off from anywhere.

ADJUST THE WATER TEMPERATURE
Find out your hot tub's current temperature and select your desired temperature so it's ready when you are.

USE THE TIMER TO SUIT YOUR SCHEDULE
When you've got a busy day ahead, use your timer to set your hot tub so it's ready for when you get home.

VOICE CONTROL
Too relaxed to move? Use your voice to control all aspects of your hot tub. Compatible with most virtual home assistants.

ACTIVATE THE AIRJET™ MASSAGE SYSTEM
Experience a full massage at the touch of a button.

AIRJET PLUS™ SYSTEM

THE ENHANCED MESSAGE SYSTEM.

The AirJet Plus™ System releases bubbles from both the middle and outer circumference of the hot tub to target both the legs and back.

AIRJET™ POSITIONING

THE LAY-Z-SPA® WI-FI APP

Compatible with all Wi-Fi enabled Lay-Z-Spa® pumps, you can control every aspect of your hot tub so it's ready when you are. From turning your hot tub on and off, adjusting the water temperature or setting a timer to suit your schedule, there's a whole host of different features designed to make your life easier and stress free. (Find out more on page 10)

FOOT MESSAGE

The AirJet Plus™ system features additional jets, strategically placed to provide a relaxing foot massage. By placing another circle of massage bubbles in the center of the hot tub, we are able to target the legs as well as the back of the user.

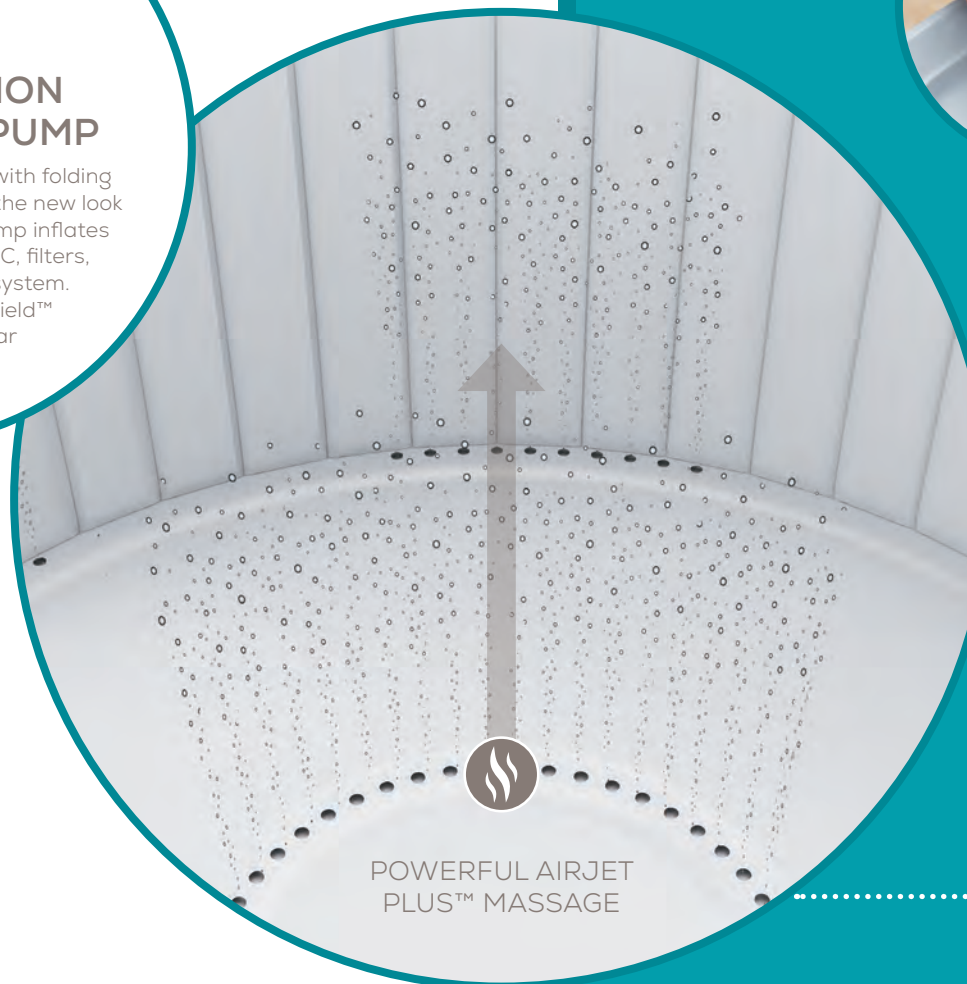

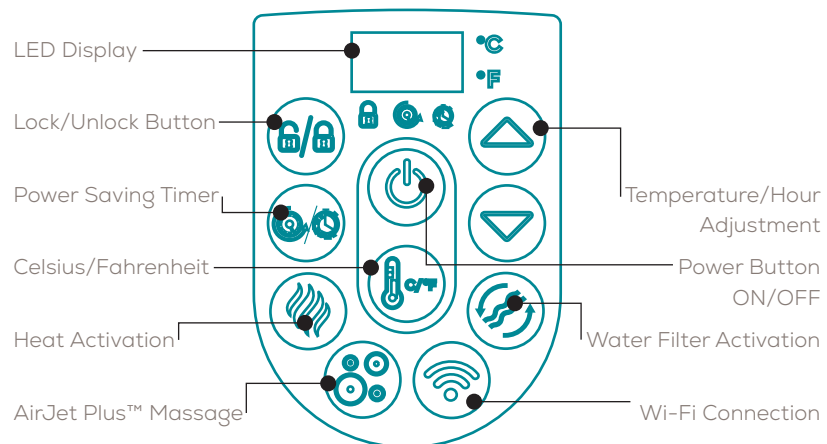

MULTI-FUNCTION AIRJET PLUS™ PUMP

Introducing a compact design with folding digital display and cup holders; the new look Lay-Z-Spa® Multi-Function Pump inflates your hot tub, heats up to 40°C, filters, and powers the massage system. It also includes Freeze Shield™ as standard for all year round use.
